

Competition Rules

All ties are played over 2 legs, home and away, with the first named team to be at home in the first leg.

Teams consist of 5 players, with the order of players being drawn at random before the start of each leg.

The home team takes the break in games 1 and 4, the away team breaks in games 2,3 and 5. Games are not even break.

In the event of a 5-5 aggregate result, a tie breaker will take place immediately between 1 nominated player from each team, the tie-break players MUST be nominated prior to the draw for order of play at the start of the second leg match.

The tie break game will be even break, equal opportunity, with the away team player will take the first break.

All results and queries should be sent to the Competition Secretary, Tony Jenner.
